

WHAT'S INCLUDED

ACCOMMODATION

We know living space is important! That's why we aim to blend cultural experiences, comfort and a great social scene all under one roof!

TRAVELTEER HOUSE

To maximise the cultural experience of Morocco, volunteers will be staying in a Gite. This traditional accommodation is run as a hostel (dormitory style rooms) and acts as our Travelteer house which is in the high Atlas Mountains. Although the facilities are basic, they are still clean and have western amenities. The Gite is also used by trekkers passing through on expeditions, however one area is exclusively for Travelteer.

The rooms are allocated as with single sex dormitories lodging up to six volunteers per room. Showers and toilets are shared with different facilities dedicated to Male and Female.

For relaxing the Gite has a roof top veranda which is perfect for soaking up the sun.
