

## WHAT'S INCLUDED

# TRANSPORT

Transport is included in your two week School Trip! We have various forms of transport dependent on your destination, but all drivers have been hand picked thanks to their safety and experience.

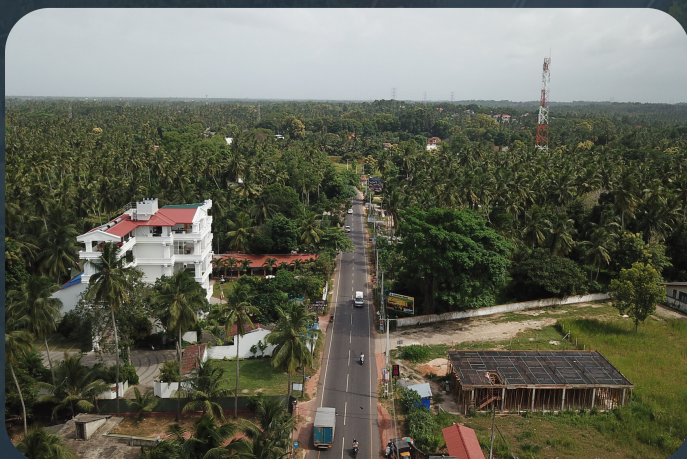

## SRI LANKA & NEPAL

The busy roads of South Asia are an experience in themselves! Our team is on-hand to provide all groups with the safest transport available - we own all of our vehicles and maintain them to the highest standards.

## TRANSPORT ON TOUR

During either your Coast 2 Coast Tour (Sri Lanka) or your Peak 2 Peak Tour (Nepal), you will be driven between your destination's highlights by our staff in our own vehicles or those of our charitable partners!

Our buses are fully air conditioned and comfortable with panoramic windows for you to enjoy the incredible views of South Asia as you cruise between stops.

## TRANSPORT BETWEEN PROJECTS

During your School's volunteering week, our local Travelteer staff will take you between your projects. We have our own vehicles that are all maintained to the highest standard! Our vehicles will pick you and your fellow volunteers up after breakfast and ferry you back and forth from projects throughout the day.
