

WHAT'S INCLUDED

TRANSPORT

Transport is included in the cost of your living arrangements! All drivers have been hand picked thanks to their safety and experience.

WHAT WE PROVIDE

The busy roads of South Asia are an experience in themselves! Our team is on-hand to provide all volunteers with the safest transport available - we own all of our vehicles and maintain them to the highest standards.

TRANSPORT BETWEEN PROJECTS

From Monday to Friday our local Travelteer staff will take you between your volunteer projects. We have our own vehicles that are all maintained to the highest standard! Our vehicles will pick you and your fellow volunteers up after breakfast and ferry you back and forth from projects throughout the day.

TRANSPORT ON TOUR

If you have decided to include our Coast 2 Coast tour as part of your volunteering experience, you will be driven between Sri Lanka's highlights by our staff in our own vehicles or those of our charitable partners!

Our buses are fully air conditioned and comfortable with panoramic windows for you to enjoy the incredible views of South Asia as you cruise between stops.
