## TRAVELTEER IMPACT

Travelteer Impact is a non-profit charity that works alongside Travelteer. The charity was created to safeguard all money raised by our volunteers – providing complete transparency and ensuring all fundraising is distributed effectively to have maximum impact on local communities!

## IMPACT & SUSTAINABILITY

Travelteer Impact works with local communities by creating, sustaining and further developing charitable projects that help preserve the environment, tackle wildlife conservation issues and create brighter futures for local children and their communities.

Fundraising has already had a major impact on the communities we work with, whether that be through new equipment to boost sea turtle numbers, agriculture initiatives or re-vamped teaching facilities in local schools. To ensure sustainability, Travelteer Impact provides long-term funding investment to all projects and prioritises the teaching and training of local staff to run them in the absence of volunteers!

## HOW MUCH SHOULD I RAISE?

We require each student to fundraise £100 as a minimum. 100% of all funds raised by the students go directly into the projects and have a huge impact on the local communities - the money raised enables us to buy equipment and develop the programmes further!

Any surplus money exceeding the cost of your flight will be donated to Travelteer Impact to further our charitable causes!
